International Association of Wildland Fire

## Managing Fire, Understanding Ourselves: Human Dimensions in Safety and Wildland Fire

13th International Wildland Fire Safety Summit & 4th Human Dimensions of Wildland Fire Conference Boise Centre, Boise, Idaho, USA April 20-24, 2015

## PROGRAM SCHEDULE

			Monday, April 20,						
7:00 am-8:00 pm			Conference Registration/Information D		e Centre Foyer)				
			WORK	SHOPS					
	Willows	Pines	Pines Firs Cottonwoods Salmon River		Snake River				
8:30 - 12:30	Assessing Residential Wildfire Hazards Instructor: Pat Durland	The Fire that Burns Within: Fire Service Suicide – The Reality Instructor: Mary VanHaute	Building Capacity to Collaborate in Natural Resources Management Instructors: Susie Kocher, Kim Ingram	Annual Fire Refresher – RT-130	Improving Risk Assessment through Fire Behavior Analysis Instructors: Dan Mindar, Erin Noonan-Wright, Tami Parkinson, Laurie Kurth		Wildland Fire Smoke Health Effects Research and Tools to Inform Public Health Policy and Recommendations Instructors: Ana Rappold, Susan Stone, Pete Lahm, Wayne Cascio, Sarah Henderson, Angela Jiayun Yao, Catherine Elliott, Joseph Domitrovich, Ian Gilmour, Brian Reich, Sim Larkin, Susan O'Neill, Paul Garbe		
12:30-1:30 PM			Lunch - or	ı your own	I				
	WORKSHOPS (cont.)								
	Willows	Pines	Firs	Cottonwoods	Salmon River	Merlins	Snake River		
1:30 - 5:30 PM	(continued) Assessing Residential Wildfire Hazards	(continued) The Fire that Burns Within: Fire Service Suicide – The Reality	(continued) Building Capacity to Collaborate in Natural Resources Management	(continued) Annual Fire Refresher – RT-130	US National Grid (USNG) and Wildland Fire Instructors: Rich McCrea, Al Studt	Competency in Crisis Instructor: Christophe FRERSON	Stress First Aid for Firefighters and Emergency Medical Services Personnel Instructors: Kim Lightley, Dr. Patricia Watson		
5:00-8:00 PM		-	Vendor Set up <i>(Ed</i>	gle - Boise Centre)					
7:00 pm			After Hours Networking - 10 Barrel B	rewing Company, 826 W Ba	annock Street				
			Tuesday, April 21,	, 2015					
7:30 am-5:00 pm			Conference Registration/Information D	esk Open - <i>Meadow (Bois</i>	e Centre Foyer)				
8:30-9:00	OPENING REMARKS AND WELCOME - Peregrines  Tom Zimmerman, IAWF President and Conference Co-Chair  Presentation of Colors: Boise Firefighters Pipes and Drums & Boise Fire Department Honor Guard								
9:00 - 10:00	GENERAL SESSION - Peregrines  Disaster, Devastation, Resilience and Recovery: The Journey of Strathewen Primary School  Jane Hayward, Principal, Strathewen Primary School, Victoria, Australia								
10:00 - 10:30			NETWORKING BREAK	with Exhibitors - Eagle					

	CONCURRENT SESSIONS				
	Willows	Pines	Firs	Cottonwoods	Merlins
	<b>Measurement and Fire</b> Moderator: Toddi Steelman	<b>Risk</b> Moderator: Anne-Lise Velez	New Development in Wildland Firefighting Moderator: Lily Konantz	Fire Adapted Communities Moderator: Adam Gossell	People, Climate and Landscapes Moderator: Cassandra Moseley
10:30-10:40	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions
10:40-11:00	1. Do we have an acceptable loss in Wildland Fire?  Ivan Pupulidy	4. Wildfire risk management in Europe: the challenge of seeing the "forest" and not the "trees" Fantina Tedim	8. Changing cultures/attitudes in aerial firefighting - Pre determined dispatch of aircraft <i>Wayne Rigg</i>	12. Measuring Community Adaptive Capacity and Wildfire Risk in the American West: Coupling Results from Key Informant Surveys and Biophysical Risk Analysis  Max Nielsen-Pincus	16. Investigating the Impacts of Surface Temperature Anomalies Due to Wildfires in Northern Sub-Saharan Africa Trisha Gabbert
11:00-11:20	2. Network Management and Performance on Complex Fire Events <i>Branda Nowell</i>	5. Localized Risk Perception on Wildfire Hazard Voravee Chakreeyarat	9. Fire and Aviation Management Enterprise Geospatial Portal Jill Kuenzi	13. Creating a Culture of Adaptation: A Learning Network Approach to Fire Adapted Communities <i>Michelle Medley-Daniel</i>	17. How society and climate will combine to affect wildfire in the U.S. South, 2015-2060  Jeffrey Prestemon
11:20-11:40	3. Towards metrics of success in residential preparedness for wildfire James Absher	6. Fire and Fuel Management in Banff National Park; Balancing Risk and Sustainability Robert Osiowy	10. Military Veterans in the Wildland Fire Service – Issues, Obstacles, and Benefits  Alexis Lewis Waldron	14. Enhancing Community Response - Utilising existing information networks during bushfires Kathy Overton	18. Spatial Pattern of Fire With Respect to Human Settlements in a Tropical Dry Forest Landscape Narendran Kodandapani
11:40-12:00	Q&A	7. Risk - Risk Tradeoffs in Wildfire Management – The Ranch Fire Case Study <i>David Calkin</i>	11. Organizational response to incidents and accidents  Ivan Pupulidy	15. You Mean It might Burn? Embarking on Austin's Journey to Become Fire Adapted <i>William Conrad</i>	Q&A
12:00-1:30			Lunch (On your own)		
			CONCURRENT SESSIONS	-	
	Willows	Pines	Firs	Cottonwoods	Merlins
	Special Session One: Indigenous People and Wildland Fire Moderator: Amy Christianson	<b>Risk</b> Moderator: Hannah Brenkert-Smith	<b>Management and Goverance of Wildfire</b> Moderator: Vita Wright	Collaborative Approaches Moderator: Tony Jarrett	<b>Different Ways of Understanding Fire</b> Moderator: Gene Rogers
1:30-1:40	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions
1:40-2:00	19. Wildfire evacuation experiences of a First Nations community in Alberta, Canada <i>Tara McGee</i>	23. Inducing Private Wildfire Risk Mitigation: Experimental Investigation of Measures on Adjacent Public Lands Joseph Little	28. Wildland Fire Governance: Strategies of Effective Suppression Firms  Cassandra Moseley	33. Building Capacity for Wildfire Mitigation Through Collaborative Partnerships Jerry McAdams/Julia Kertz-Grant/Jennifer Tomlinson	38. Radio Technology Opportunities and Constraints: Using Dramaturgy as an Analytic Tool Jennifer Ziegler
2:00-2:20	20. In their words: how a wildfire evacuation affected residents of a Northern Alberta First Nation community  Kyla Mottershead	24. Mitigation Behavior to Reduce Wildfire Risk: What Motivates Homeowners to Mitigate Wildfire Risk? Hari Katuwal/ Tyron Venn	29. Fire Manager or Market Manager? Administrative Practices for Large Fire Suppression <i>R. Patrick Bixler</i>	34. Increasing Capacity for Collaboration by Training Natural Resource Management Agencies, Scientists and Stakeholders Susie Kocher	39. The Storyteller's Role In Accident Investigations ~ Naturalistic Learning From Unintended Outcomes Steve Holdsambeck
2:20-2:40	21. Using Historical Photographs to Identify Indigenous Burning Patterns <i>Rick Arthur</i>	25. Is the whole greater than the sum of its parts? Homeowner wildfire risk mitigation and community heterogeneity Hannah Brenkert-Smith	30. The Influence of Incident Management Teams on Suppression Resource Use  Michael Hand	35. Collaborative Implementation for Ecological Restoration on US Public Lands: Implications for Legal Context, Accountability and Adaptive Management  Sarah McCaffrey	40. Australian volunteer rural fire brigades: the value of historical perspective  Sandra Lauer
2:40-3:00	22. Māori use of fire: traditional use of fire to guide wildfire management in New Zealand <i>E.R. (Lisa) Langer</i>	26. Potential for Disseminating SAWTI Risk Information: Understanding Information Seeking and Wildfire Preparedness in Southern California Anne-Lise Velez	31. Social "Watch Out" Situations for Incident Management Teams Toddi Steelman	36. Fires of Change: An Art and Science Collaborative Andrea Thode	41. Making Every Word Count: Teaching Wildland Fire in the Brazilian Amazon Matthew Carroll
3:00-3:20	Q&A	27. LiDAR based risk assessment in the WUI: An analysis of pre-fire conditiosn of the Black Forest Fire Andrew Karlson	32. What Cohesive Strategy Looks Like on the Ground Katie Lighthall/Steven Hawkins	37. Local perceptions of forest management and wildfire risk in Northeast Oregon  Angela Boag	42. Optimal forest management: A dynmanic analysis to promote healthy forests and economic development  Kara Walter

3:20-3:50			NETWORKING BREAK with Exhibitors - Eagle						
3:50-4:50		GENERAL SESSION - Peregrines  Wildfire Policy as a Socio-ecological Problem  Toddi Steelman, Executive Director and Professor, School of Environment and Sustainability, University of Saskatchewan							
5:00-7:00 PM	Social Reception with Exhibitors - Eagle								
			Wednesday, April 22, 2015						
7:30 am-5:00 pm		Conference Re	gistration/Information Desk Open - <i>Meadow (Bois</i>	e Centre Foyer)					
8:00-8:15		WELC	COME BACK AND DAILY ANNOUNCEMENTS (Peregi Larry Sutton, US Forest Service, Conference Co-Chair	rines)					
8:15-9:45	Jim I Dick Bo	GENERAL SESSION  Global Wildland Fire Perspectives Panel Session: Agency Perspectives of Firefighter Safety and Human Dimensions in Wildland Fire Management and the Emerging Importance of this Area Facilitator: Marjie Brown, Consultant, ScienceFire Communications, Inc  Jim Karels, President, National Association of State Foresters (NASF) and State Forester, Florida, USA; Tom Harbour, USFS Director of Fire and Aviation Management, USA;  Dick Bahr, Deputy Director Management & Programs, DOI, Office of Wildland Fire, USA; Alan Goodwin, Chief Fire Officer Department of Sustainability & Environment, Australia;  Adam Gossell, FireSmart Program Coordinator, Alberta Sustainable Resource Development Edmonton, Alberta, Canada; Marc Castellnou, Fire Manager, Catalan Fire Service, President of Pau Costa Foundation, Spain							
9:45-10:15			NETWORKING BREAK with Exhbitors - Eagle						
			CONCURRENT SESSIONS	-					
	Willows Marked Section	Pines	Firs	Cottonwoods	Merlins				
	Models and Methods for Safety Moderator: Chuck Bushey	<b>Decision Making and Fire</b> Moderator: Rebekah Fox	Evacuation and Sheltering Moderator: Tony Jarrett	People, Climate and Landscapes  Moderator:	Fire Adapted Communities Moderator: Toddi Steelman				
10:15-10:20	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions				
10:20-10:40	43. Suppression of forest fires by the drop water flows interspaced in time and space Pavel Strizhak	47. The Protective Action Decison Model: It's Application in an Australian Bushfire Context <i>Ken Strahan</i>	51. Do I stay or do I go? The role of risk tolerance in evacuation decisions during a wildfire event Sarah McCaffrey	54. Spatial allocation of landscape values  Jose Sanchez	58. Developing fire adapted communities: The importance of interactions among elements of placedependent local context  Travis Paveglio				
10:40-11:00	44. A Proposed Experimental Methodology for Assessing the Effects of Water and Dry Matter Content on Live Fuel Flammability Oleg Melnik	48. Connecting Science and Decision-Making in Wildland Fire Management <i>Melanie Colavito</i>	52. Sheltering practices during bushfires: lessons from the 2009 Black Saturday fires  Joshua Whittaker	55. People's Perceptions of Post-Wildfire Landscape Recovery Chad Kooistra	59. Reducing Structural Losses from Wildfire: Are Regulations the Answer? <i>Cheryl Renner</i>				
11:20-11:40	45. Interacting with Wildfire Simulations and Historical Wildfire Analysis  James Gattiker	49. Power and Decision Making: A Foucaultian Analysis of Wildland Decision Making Van Miller	53. Establishing wildfire evacuation zones—a coupled human-environment system approach Dapeng Li	56. Lessons from a Legacy of Wilderness Fire: Benefits, Challenges, and Tools for Success <i>Vita Wright</i>	60. Wildfire policy after structure loss: how does regulation alter rebuilding and residential growth after wildfires?  Miranda Mockrin				
11:40-12:00	46. Wildland Firefighter Safety and Fire Behavior Prediction in the Field <i>Martin Alexander</i>	50. Nudging Wildfire Managers – Taking Advantage of Behavioral Economics in Decision Support and Performance Management David Calkin	Q&A	57. How effective is wildfire communication to New Zealand communities and how can it be improved? <i>E.R. (Lisa) Langer</i>	61. Fire Adapted Communities in the Real World: Community Perspectives on What Actions and Processes Are Needed for Diverse Communities to Become More Resilient to Wildfire Sarah McCaffrey				
12:00-1:30	<b>LUNCHEON - Hawk</b> Featuring: Wildland Fire Safety Award Presentation Presentations by National Fallen Firefighter Foundation; Wildland Firefighter Foundation and International Fire Relief Mission IAWF Annual Membership Meeting								

1:30 -2:30	POSTER SESSION (Meadows - Boise Centre Foyer)									
resentations	P1. Forest Fire Safety Handbook: updating training literature for the Spanish spoken community Raul Quilez	P4. Gender and Leadership in Wildfire Suppression: Women Leaders on the Fireline Rachel Reimer	P7. Australian volunteer rural fire brigades: the value of historical perspective Sandra Lauer	P10. Students of Fire Kelsey Gibos	P13. What We Talk About When We Talk About Fire: Words, Media, and Wildfire Alexandra Weill	P16. Bringing the Fire Adapted Message to Ada County Jerry McAdams	P19. Creating a Holistic Decision-Makers Package for Wildland Fire Smoke Events in Manitoba Darlene Oshanski	P22. Boulder County Wildfire Partners- Home Ignition Zone, Education, Certificates, Case Studies, and iPads Ryan Ludlow	P25. Assessment of the Barriers to Wildland Firefighters' Fitness Training Aria Mangan	P28. Preliminary evaluation of factors affecting inhalation exposures amon, wildland firefighters Tim Reinhardt
	P2. Interactive 911 Program Sandra Inman-Carpenter	P5. The Sounds of Wildland Firefighting in Action: Communication Research Study Elena Gabor	P8. Fire Adapted Communities Learning Network Michelle Medley-Daniel	P11. Rethinking the Fire Shelter Vincent Homer	P14. Big questions, local answers: Awareness and preparedness of unprepared people in Idaho Elise Thiel	Adaptive Capacity of Rural	P20. Fires of Change: An Art and Science Collaborative <i>Andrea Thode</i>	P23. First Nations Wildfire Evacuation Partnership Tara McGee/Amy Christianson	P26. Polycyclic Aromatic Hydrocarbon Exposure from Prescribed Fire Kathleen Navarro	P29. Fire and Debris Flows at the Boise Front <i>Katherine T Gibble</i>
Poster P	P3. The Role of Departments of Transportation in Wildfire Response Wesley Kumfer	P6. Social "Watch Out" Situations for Incident Management Teams Toddi Steelman	P9. Knowledge for Wildfire; improving management of UK wildfire through knowledge exchange Julia McMorrow	P12. Fire in Southern Ecosystems Adam Kent	P15. Collaborative Landscape and Community- Level Wildland Fire Management Planning and Implementation within the Resort Municipality of Whistler, British Columbia, Canada Nicholas Soverel	P18. Enhancing Community Response-Utilising existing	P21. We all play a part- Bushfire Ready Neighbourhoods Peter Middleton	P24. INSIGHT + ACTION = RESILIENCE Proven Results from Wollombi Australia Glenn O'Rourke	P27. Impact of a Flame Resistant Synthetic Material Base Layer on Heat Stress Matthew Dorton	P30. Modeling Potential Fire Behavior Changes Due to Fuel Breaks in the Monterey Ranger District, Los Padres National Forest California Stacy Drury

			CONCURRENT SESSIONS			
	Willows	Pines	Firs	Cotton Woods	Merlins	
	Special Session Two:  Health  Moderator: Alan Goodwin  Moderator: Alan Goodwin  Moderator: Alan Goodwin  Socioeconomic information  Special Session Two:  Wildfire management in coupled human and natural systems: integrating biophysical and socioeconomic information		Special Session Three: Rethinking Awareness, between firefighter safety and safety strategy	<b>Leadership</b> Moderator: Jennifer Ziegler	<b>Resilient Responses</b> Moderator: Rebekah Fox	
2:30-2:35	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	
2:35-2:55	62. Preliminary evaluation of factors affecting inhalation exposures among wildland firefighters Tim Reinhardt  68. A conceptual framework for coupling the biophysical and social dimensions of wildfire to improve fireshed planning and risk mitigation  Jeffrey D. Kline			74. Resonant Relational Leadership  David Christenson	80. Building agency and community capacity for successful engagement – lessons learned from agency programs in Victoria, Australia Tamara Beckett/Owen Gooding	
2:55-3:15	63. Adaptation of physical training and task performance to wildland firefighting in Spain. Improving firefighters wellness, capabilities and safety  Elena Hernandez	69. The dynamics of fire-prone coupled human and natural systems (CHANS) and the emergence of wicked problems  Patrick Bourgeron	73. Rethinking Awareness, between firefighter safety and safety strategy Marc Castellnou & Al Beaver	75. Transfer of Knowledge, Skills, and Abilities from Leadership Development Training Michael DeGrosky	81. Climate Wise Communities: enhancing traditional wildfire risk management using a community multi-hazard resilience program in Sydney, Australia  Jennie Cramp	
3:15-3:35	64. A Review of Wildland Fire Smoke Exposure and Its Health Effects on Wildland Firefighters and the Public Olorunfemi Adetona	70. Impacts, trade-offs, and cross-scale connections between wildfire and ecosystem services in the Colorado Front Range  Jelena Vukomanovic		76. The relationship of mindfulness and self- compassion to desired wildland fire leadership Alexis Lewis Waldron	82. Wildfire Resilience: The Development and Validation of the Bushfire Psychological Preparedness Scale (BPPS)  Jessica Boylan	
3:35-4:05			NETWORKING BREAK with Exhbitors - Eagle			
4:05-4:10	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	
4:10-4:30	65. Assessment of the Barriers to Wildland Firefighters' Fitness Training <i>Aria Mangan</i>	71. Linking Forest Management and Fire Hazard Conditions in the Eastern Cascades Ecoregion Susan Charnley	Movie about Horta St. Joan accident in 2009. The movie will comunicate the complexity of the decisions made and the uncertainty faced by all the firefighters.	77. Stockholm vs Woodstock: Risks Associated with Leadership Bill Arsenault	83. Increasing Community Resiliency by Promoting the Use of Prescribed Fire in the Southeastern United States: The Fire in Southern Ecosystems Program Adam Kent	
4:30-4:50	66. An Alternative Way to Estimate Wildfire Smoke Health Costs? A Case Study of a Southwestern US "Mega-Fire" using the Benefits Mapping and Analysis Program – Community Edition (BenMAP- CE) Benjamin Jones	72. Predicting WUI homeowners' fire risk mitigation behavior under different landscape management and climate scenarios Christine Olsen		78. Leadership, Accountability, Courage and Knowledge Victor Stagnaro	84. INSIGHT + ACTION = RESILIENCE Proven Results from Wollombi Australia <i>Glenn O'Rourke</i>	
4:50-5:10	67. Impact of Flame Resistant Synthetic Material Base Layer on Heat Stress Factors <i>Matthew Dorton</i>	Discussion and Q&A		79. Practicing as a Student of Fire: Local actions to support global issues  **Kelsy Gibos**	85. Listening for Resilience: Expert Fire Managers Share Crucial Experience Rebekah Fox	
5:15-6:30 PM			Social Reception - Eagle			
6:30-7:30 PM	HOSTED WORKSHOP - Merlins  COP's, Cowboys and Geeks – A Round-up for Realtime Wildfire SA  Sponsored by Intterra and Sierra Nevada Corporation  Sign up at the Integral Poeth to recorn your speed					

Sign up at the Intterra Booth to reserve your space!

	Thursday, April 23, 2015 Conference Periotration (Information Peek Open Mandows (Poice Centre Fever)								
7:30 am-5:00 pm 8:00-8:30		Conference Registration/Information Desk Open - Meadows (Boise Centre Foyer)							
0:00-0:50	Coffee with the IAWF Board of Directors - <i>Meadows</i> CONCURRENT SESSIONS								
	Willows	Pines	Firs	Cottonwoods	Merlins				
	Special Session Four: Comprehensive Wellbeing and Resiliency	Special Session Five: Competency in Crisis	Special Session Six: Keeping Fire on the Mountain Moderators: Henry Bastian, Laurie Kurth, Frankie Romero	Assessing and Mitigating Firefighter Risk Moderator: Albert Simeoni	<b>Risk</b> Moderator: Chuck Bushey				
8:30-8:40	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions				
8:40-9:00			88. How We Decide: Research on fire management decision making and risk  Sarah McCaffrey	93. Efficient calculations of optimum paths and travel time for firefighters  Joaquin Ramirez	99. Marrying Strategic and Tactical Risk  Ivan Pupulidy				
9:00-9:20			89. Defining the Risks and Opportunities: An Agency Administrator's Perspective <i>Chuck Mark</i>	94. A comprehensive survey of the long-term health of current federal wildland firefighters Erin Semmens	100. The Incident Risk Console (RisC) – A Risk Assessment Synopsis for Wildland Fires <i>Lisa Elenz</i>				
9:20-9:40	86. Comprehensive Wellbeing and Resiliency takes each participant on on a personal and introspecitve journey, focusing on the whole person to include physical, mental, emotional and spiritual wellbeing	87. This special session is designed to move participants to a higher level of competency in crisis management by the use of case study, facilitated	90. Making the Tough, but Right Decision: Review of the 2014 Fire Season on the Kaibab National Forest Art Gonzales	95. Quantifying Aviation Accident Risk in Wildland Fire Suppression Crystal Stonesifer	101. Developing a strategic wildfire risk assessment tool for the UK rural-urban interface  Julia McMorrow				
9:40-10:00	through an interactive and hands-on approach to life. Bequi Livingston and Michelle Reugebrink	life.	91. Decision Making for Multiple Fires, with Multiple Objectives, Across Multiple Units: A Geographic Area Fire Managers Perspective Patti Koppenol	96. Bald Sisters Fire Brian Bishop	102. Reducing the Risk of High Intensity Prescribed Fire Rick Arthur				
10:00-10:20			92. Using wildland fire to protect, maintain, and enhance resources: A National Perspective Dick Bahr	97. De Soto Aviation Incident  Danny Bryant	103. Dutch Creek Mitigation Measures: Successes & Failures Bill Arsenault				
10:20-10:40			Q&A	98. Human Dimensions Discussion <i>Tom Harbour</i>	104. Rethinking the Fire Shelter Vincent Homer				
10:40-11:00			Networking Break - Eagle						
	Willows	Pines	Firs	Cottonwoods Merlins					
	Special Session Seven: Wildland Firefighter Health and Safety at MTDC	<b>Mitigation</b> Moderator: Adam Gossell	<b>Tragedy, Death and Recovery</b> Moderator: Lily Konantz	<b>Firefighter Safety</b> Moderator: Victor Stagnaro	Climate/Weather/Fire Extremes Moderator: Tim Brown				
11:00-11:20	105. This special session will give an overview of	106. Too Late When The Wildfire Is At The Mines Gate Greg Bartlett	109. Wildland Fire Fighter Deaths in the United States: A Comparison of Existing Surveillance Systems  Corey Butler	112. Assessing Firefighter Safety Zone Characteristics Phillip Dennison	115. Adding to fire fighter safety through modeling of thunderstorm-induced windshifts: A case study with the 30 June 2013 Yarnell Hill Fire Gary Achtemeier				
11:20-11:40	the projects at MTDC and how they are all interconnected to improve wildland firefighter safety and health.  Joseph Domitrovich, Tony Petrilli and Joe Sol	107. We all play a part- Bushfire Ready Neighbourhoods <i>Peter Middleton</i>	110. Common Denominators on Tragedy Fires - Updated for a New Fire Enviornment <i>Matthew Holmstrom</i>	113. LiDAR mapping of firefighter safety zones: A comparison of flame height- and vegetation height-based guidelines  Michael Campbell	116. Prototype Fire Weather Impact Based Performance Metric Robyn Heffernan				
11:40-12:00	Physiological Job Demands and Heat Stress	108. Impact of federal fuels treatments on community firesheds in the Deschutes National Forest  Cody Evers	111. Embracing Recovery: Establishing a Chaplaincy Service for the Wildland Fire Community Matthew Carroll	114. Evaluation of a Safety Zone Digital Calculator  Joaquin Ramirez	117. Understanding effects of heat dosage on soils from slash pile burning in a Piñon-Juniper system (Pinus edulis-Juniperous monosperma)  Elyssa Durán				

12:00-1:30			LUNCH (On your own)						
1:30-2:30	GENERAL SESSION - Peregrines  The Changing Face of Incident Management Panel Discussion Facilitator: Larry Sutton, US Forest Service, Conference Co-Chair  Robert R. Maynes, Deputy Assistant Chief Retired, Fire Department City of New York, Queens Borough Commander, FDNY IMT Incident Commander;  Jim Manahan, Former Assistant Chief of Operations, FDNY and Current FEMA, IMT IC (NYRegion);  Pruett Small, Training Officer, Groom Creek Fire District, Prescott, Arizona								
2:45-3:00	Break /Transition to Concurrent Sessions								
	CONCURRENT SESSIONS								
	Willows	Pines	Firs	Cottonwoods	Merlins				
	(continued) Special Session Seven: Wildland Firefighter Health and Safety at MTDC	<b>Mitigation</b> Moderator: Adam Gossell	<b>Fuels Management</b> Moderator: Marjie Brown	<b>Firefighter Safety</b> Moderator: Victor Stagnaro	Climate/Weather/Fire Extremes Moderator: Tim Brown				
3:00-3:05	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions	Announcements and Introductions				
3:05-3:25	Fitness Standards, Nutrition and Hydration	116. Cost-effective fuel treatment planning  Jason Kreitler	119. Description of Firebrand Generation in a Pine Stand Fire Albert Simeoni	122. Yarnell Hill Entrapment: Additional lessons that could be learned <i>Richard McCrea</i>	125. Fire Extremes and the Triangle of Climate, Fuels and People (Part 1) Tamara Wall				
3:25-3:55	Fire Shelter Update	117. Left out from wildfires mitigation: Does university's population think different?  Thomas Wuerzer	120. Fuel Treatment Research and Technology Transfer – How to Better Support Practitioners' Needs Tom Zimmerman	123. Distilling and disseminating new scientific understanding of wildfire fire phenomena and unfolding of large wildfires to prevent wildland firefighter entrapment  Janice Coen	126. Fire Extremes and the Triangle of Climate, Fuels and People (Part 2) <i>Tim Brown</i>				
3:55-4:15		118. Boulder County Wildfire Partners- Home Ignition Zone, Education, Certificates, Case Studies, and iPads Ryan Ludlow	121. Modeling Potential Fire Behavior Changes Due to Fuel Breaks in the Monterey Ranger District, Los Padres National Forest, California Stacy Drury	124. Listening Up, Down, and Around: Sound Studies and Wildland Firefighter Situational Awareness John Widman	Q&A				
4:15-:4:20			Break/Transition to General Session						
4:20-5:20		The Doctrinal Ro	GENERAL SESSION - Peregrines ad to Risk Management - Where We've Been, Wher Tom Tidwell, US Forest Service Chief	re We Are Headed					
5:20-5:30			Conference Adjournment						
6:00 -	After Hours Networking  Proto's Pizzeria Napoletana, 345 South 8th Street (10% of the proceeds collected throughout the day will be donated to our fundraising efforts)								
			Friday, April 24, 2015  Post Conference Tours and Field Trips						
9:00-12:00	0	regon Trail - 6 Years of Post-Fire Mitigation S	<b>_</b>	twork (Meet at 9:00 am Boise Centre - Cottonwood	s)				
9:00-11:30		Oregon Trail - 6 Years of Post-Fire Mitigation Sponsored by Fire Adapted Community Learning Network (Meet at 9:00 am Boise Centre - Cottonwoods)  National Interagency Fire Center (Meet at 8:45 am in the Boise Centre Foyer)							
9:00-12:30			and Botanical Gardens (Meet at 8:45 am in the B						
1:00-3:30		National Inter	ragency Fire Center (Meet at 12:45 am in the Bois	se Centre Foyer)
